

**Landscape Committee** update:

Alex's Lawn Service completed year one of the 2 year contract. No additional lawn/shrub care will be provided for the remainder of 2022.

The HOA will be purchasing trees next spring to replace dead ones and fill in where dead ones have been removed. Same goes for original shrubs that haven't survived beyond the one year warranty.

Alex's will be in charge of snow removal- streets and sidewalks during the snow season. Sand/ice melt containers will be located at both mailbox stations.
